

CALIFORNIA STATE POLYTECHNIC UNIVERSITY, POMONA
Senior Project Proposal and Information Sheet

The following information sheet and a one-page project proposal should be completed by the student in conjunction with his/her project advisor and submitted to the Senior Project Coordinator (Dr. McCulloch) by Friday of Week 8 (in the semester you enroll in CHM 4610) via Canvas.

Senior Project Student's Name _____

Term When First Registered for CHM 4610 _____

Title of Project _____

Project Advisor(s) _____

Location where majority of project work will probably be done if University workspace is needed.

What approximate quantities of essential chemicals or equipment must be obtained from the Chemistry Department or Stockroom for the project? Do any of these items need to be ordered? List approximate costs of these.

What Department instruments, if any, will be used extensively as part of the project? Which faculty member(s) has/have checked you out on these instruments?

Describe any off-campus equipment that will be needed for the project and the arrangements for its use.

List any lab work that will require other than normal safety precautions.

To what extent, if any, does this project depend on concurrent progress or success of another student's senior project?

Hours, including day of the week, the student will be working on the senior project.

Semester _____ Year _____

Monday: _____ a.m. _____ p.m.

Tuesday: _____ a.m. _____ p.m.

Wednesday: _____ a.m. _____ p.m.

Thursday: _____ a.m. _____ p.m.

Friday: _____ a.m. _____ p.m.

Other: _____ a.m. _____ p.m.

_____ a.m. _____ p.m.

After discussing with your advisor, **write a one-page description of the nature and the planned scope of your project** (to be turned in with this senior project information sheet). Include a timeline for accomplishing the proposed project.
