Spring Colloquium Series

Symmetric Key Cryptography

Dr. Ray Beaulieu
National Security Agency

Abstract:

Dr. Beaulieu graduated from Cal Poly Pomona with a B.S. in mathematics in 1988. After receiving a Ph.D. from UC San Diego in 1992, he taught mathematics at Sul Ross State University for 14 years. He currently works as a researcher in cryptographic design. After some introductory discussion of the relevant notions from cryptography, this talk will focus on lightweight block ciphers designed for the era of pervasive computing.

Wednesday, April 22, 1:05 - 1:50pm in 3-1637
