

**Physics & Astronomy**

**Semester Conversion for PHY 120 Series**

Quarter Course		Summer 2018 Bridge (B) Course		Fall 2018 Bridge (B) Course		Ready for this Semester Course	Explanation
PHY 121/121L	+	PHY 122B/122LB	OR	PHY 1210B/1210LB	→	PHY 1220/1220L	If you want to take the second semester <i>College Physics</i> course (PHY 1220/1220L) as a semester course, and you only completed PHY 121/121L during the 2017-2018 academic year, you can do <b>one</b> of the following (a) take the bridge lecture and lab courses PHY 122B/122LB in the summer 2018. (b) take the bridge lecture and lab courses PHY 1210B/1210LB in the Fall 2018.
PHY 122/122L	→					PHY 1220/1220L	If you want to take the second semester <i>College Physics</i> course (PHY 1220/1220L) in semesters, and you completed PHY 122/122L during the 2017-2018 academic year, you will be prepared for the PHY 1220/1220L in the Fall 2018 and need no other preparation.

**\*Note:**

- The bridge courses shown will be offered only during the Summer 2018, and, Fall 2018 terms for the purpose of helping students get through this sequence during semester conversion. The department has no plans to offer them after Fall 2018.

- If your major requires you to take the full year of general physics, and at the end of the 2017-2018 academic year you have completed only PHY 121/121L and PHY 123/123L, (missing PHY 122/122L) you can take the bridge course (PHY 122B/122LB) in the Summer of 2018 or the bridge course (PHY 1210B/1210LB) in the Fall of 2018 in order to satisfy the curriculum.
