

\$1,250 Available in Scholarship(s) for Physics Majors

Requirements:

- The Boeing Company will be awarding \$1,250 in scholarship(s) to Physics Majors (freshmen level – senior level) students with emphasis from underrepresented and economically disadvantaged backgrounds.
- Must have a strong interest in The Boeing Company and be authorized to work in the United States on a full-time basis (student/temporary visas do not qualify).
- Must be a full-time Physics major with a GPA of 3.2 or above.
- Must demonstrate high scholarship merit and potential while progressing towards a baccalaureate degree in Physics. Must possess excellent leadership and communication skills.
- Submit a one-page application letter to the Department Chair of Physics & Astronomy describing your academic accomplishments and plans.
- Department faculty will review all applicant letters and select the most qualified scholars who are able to demonstrate academic achievement.
Note: The number of scholarships awarded will depend on the number of qualified applicant letters received.

Application Deadline: February 27, 2015
