Executive Committee
Received and Forwarded

Date: 05/26/2017

Academic Senate

Date: 05/31/2016
First Reading

BACKGROUND: The Civil Engineering Department proposes to convert an existing Bachelor of Science in Construction Engineering and Management (BSCEM) program. This program includes converted courses, revised courses, and new courses as summarized in the Curriculum Sheets. This program will offer a specialized program of coursework in construction engineering and management, and give students broad and in-depth general education and technical knowledge related to the field of Construction Engineering and Management.

RESOURCES CONSULTED:

Deans
Associate Deans
Department Chairs
All Faculty

DISCUSSION:

Before reaching the Academic Programs Committee, this program was reviewed by the College Curriculum Committee in the College of Engineering as well as the Dean of Engineering and the Office of Academic Programs. All concerns raised at those levels were addressed. The Academic Programs Committee then conducted campus-wide consultation, as well as its own review of the program. No concerns were raised.

RECOMMENDATION:

The Academic Programs Committee recommends approval of Civil Engineering B.S. in Construction Engineering and Management as part of the semester conversion process with GE Area A3 double counted.
