First Reading

BACKGROUND: Please provide background on the need for this referral and how it will benefit the University. Clearly state the expected outcome(s) or action(s) requested.

Based on the approved 2021-22 academic calendar, Cal Poly Pomona will return to a 5/8 instructional/work week starting in Summer 2021. Therefore, the class scheduling time modules for both the 10-week and 5-week summer sessions must be updated to allow for greater scheduling flexibility, as well as full utilization of instructional days during the week. Attached are comprehensive class scheduling time modules and corresponding final examination days and times for 10-week and 5-week summer sessions.

RECOMMENDED RESOURCES: Please provide a list of persons and documents that could be consulted for additional information on this topic.

Discussion

There do not appear to be problems with the proposed modules. The committee requested from Dr. Massa regarding the lack of final exam times for one unit courses. Dr. Massa responded that : 1-unit classes do not have set final times per Policy 1201:<https://www.cpp.edu/academic-manual/1200-1299-research-and-instructional-support/1200-1299/1201-final-exam-policy.pdf>

The language in the policy reads: *In-class final activities for one-unit lecture courses shall be arranged by consultation of the instructor and students and approved by the department chair.*

The committee reviewed the document, and found no conflicts. We support the proposed schedule.
