

ASCSU report to the Academic Senate

Gwen Urey

There is no report for this meeting, because the ASCSU has not met since our last meeting.

However, we have been informed that an informational seminar about the new GE pathway will be held next Wednesday at 3 PM. I hope that a link is available by our meeting on April 26, but the only information we have so far is this “save the date:”

Further information, namely the link, will be provided on request. Email me at gurey@cpp.edu
