Candice Valentine

Hello, I'm honored to serve as the new Staff Senator. As a former Bronco (B.A. 2018, M.A. 2020), I had the pleasure of building lasting relationships with faculty and mentors across the campus. As a Teaching Associate, I experienced a handful of the challenges faculty face - and discovered ways to adapt in the evolving landscape of our University. As an Analyst in IT&IP, I work to improve processes that benefit our employees as much as our students. I'm excited for this new opportunity and look forward to getting to know my fellow Senators.

The Pumpkin Festival began almost 30 years ago and has grown into a month-long series of events and activities in October. The largest annual event at CPP, the Pumpkin Fest draws thousands of visitors to pick pumpkins grown on campus.

Originally started in 2004, CSAF was created to be an opportunity for Cal Poly Pomona students to attend a cyber security event at the university. CSAF embodies CPP's polycentric learning approach. The core mission of the event is to educate the community with an interactive environment surrounded by peers and industry experts who engage in all aspects of cybersecurity.
