TITLE OF REFERRAL: IGE 3200 – Mad Scientists and Aliens: Science and Technology in Popular Culture (GE Synthesis C3)

BACKGROUND:

The Interdisciplinary General Education Program (IGE) is requesting to change the name of IGE 3200 from “Visions of Science and Technology” to “Mad Scientists and Aliens: Science and Technology in Popular Culture.” IGE has requested this change to facilitate enrollment.

RESOURCES CONSULTED:

Dr. Hilary Haakenson, Program Coordinator, Interdisciplinary General Education Program
Dr. Aaron DeRosa, Faculty Director for Undergraduate Studies and General Education

DISCUSSION: The change made does not affect the course’s ability to meet the GE Sub-area C3 requirements. No revisions of the ECO were requested. The GE Committee discussed whether name changes constituted a minor revision and if we should move forward with the requested changes during the GE pause. After consulting with the IGE Program Coordinator, Dr. Haakenson, we concluded as a Committee that the requested changes were minor and that any substantive changes would be handled in future review of the courses.

RECOMMENDATION: The GE Committee unanimously recommends approval of IGE 3200 – Mad Scientists and Aliens: Science and Technology in Popular Culture (GE Synthesis C3).
