

ASI's Mission to engage every student!

Presented by ASI President
Alejandra Lopez Sanchez

What is ASI?

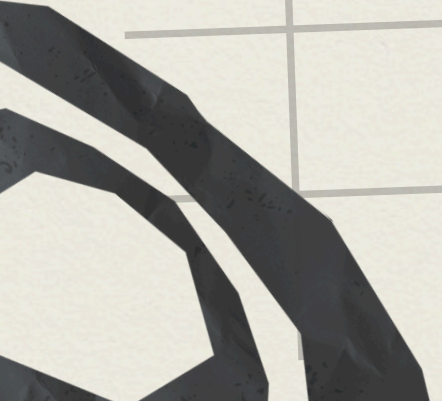

At ASICPP, we're dedicated to providing opportunities for student engagement, leadership, and a wide range of student life programs and services, including recreation and wellbeing, student union and activities, student government, clubs and organizations, food pantry, and children's education and care.

We manage an annual operating budget of \$18 million, oversee 294,253 square feet of student space, including the student union, recreation center, and children center.

What is ASI Student Government working on?

- Our ASI action plan!
 - Parking Pass Grant Program
 - Healthy Eating Food Demos
 - Modernizing our ASI Website
 - Strengthening our Student Worker Environment
 - Various Social Media Campaigns
- 
- 

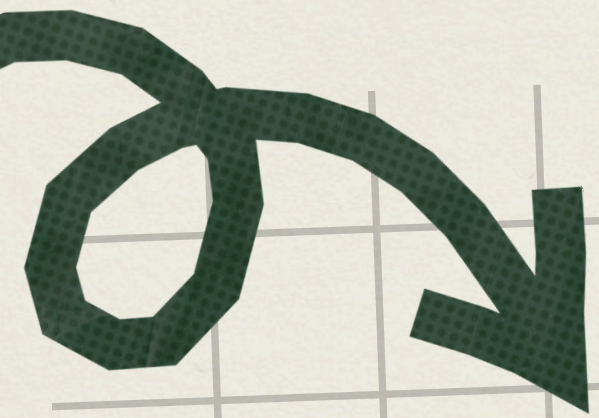

Highlighted Service!

An Additional Budget Request (ABR) asks ASI for funding from the New Programs and Augmentation (NP&A) fund.

Use an ABR when your registered Student Club or Council has an approved annual allocation, but that allocation is insufficient for an eligible conference, competition, program, or event.

An ABR is not guaranteed funding. Every request is reviewed for eligibility, documentation, available NP&A funds, and final approval.
