The Do B. Huntley College of Agriculture offers eight majors that range from traditional disciplines such as agrisciences and animal science to emerging specialties such as regenerative studies, urban and regional planning, and visual arts in architecture, art history, landscape architecture, and urban and regional planning.

The College of Engineering leads to careers in architecture, art history, landscape architecture, engineering, and the planning professions. It offers master’s programs in education and a doctorate in educational leadership.

Consistently ranked one of the top two state-supported engineering programs in the country due to its strong reputation, Cal Poly Pomona is the home of the largest undergraduate engineering program in the world.

The College of the Extended University serves as a learn-by-doing laboratory for students while offering pizza, sandwiches, and beers on tap in the café, meeting spaces for groups up to 300. The facility features the largest public collections of Arabian horse materials.

Students from all disciplines can bring their ideas for new products or services into reality at one of the Student Innovation Idea Labs. The iLabs offer specialized guidance and access to 3D printers, CNC mills, and laser cutters.

The W.K. Kellogg Arabian Horse Center is home to more than 150 horses with most trailing their lineage to the herd started by W.K. Kellogg in 1925. Open to the public on weekends, the center offers public horse shows.

The Student Innovative Jobs Lab offers experiential learning centers that include ethnobotany, rainforest, riparian and desert ecosystems, their value and behaviors that support their habitats and a garden that represents a Mesozoic ecosystem.
