## WASC Graduation Rate Dashboard Comparative Tool

CPP's data on the unit redemption rate (i.e., awarded units redeemed for a degree - aka retention/graduation) and the absolute graduation rate (all students who start at CPP eventually graduate from CPP) are very good in comparison to all institutions, including our CSU peers. For example, CPP's 8-year rates for URR and AGR are **90.7%** (5th highest in CSU) and **81.2%** (6th highest in CSU), respectively (see table A). Additionally, CPP's rates during the most current year (2016) for URR and AGR are **95%** (the highest in CSU) and **89%** (2nd highest in CSU), respectively (see table B). These are great statistics, especially for 2016. Way to go!
