# SUSTAINABILITY ENGAGEMENT WORKING GROUP

There will be four (4) Working Groups to match each section of the Sustainability Tracking, Assessment & Rating System (STARS) report. These areas are: Academics, Engagement, Operations and Planning & Policy. The next page will break down what the initiatives that each working group will be implementing and/or enhancing. Metrics will be developed based on goals provided by the University Sustainability Coordinator. The Working Group will be co-chaired by two members and work will be transparent and as inclusive as possible to the campus community.

## MISSION & VISION

The mission of Engagement Sustainability Programs is to support and encourage a wide variety of campus and community partnerships which will inspire global sustainable transformation while being meaningful and equitable to all. To join the working group or for additional information please contact sustainability@cpp.edu.
