## READY FOR WSCUC?

### A message from the accreditation liaison officer

The WASC Senior College and University Commission (WSCUC) will be on campus Oct. 21 to Oct. 23. Their visit is a key step in reaffirming Cal Poly Pomona's accreditation, and we need you to help make it a success. There are a few ways you can help. Give WSCUC a warm welcome and show off your Cal Poly Pomona pride! Wear your Cal Poly Pomona gear, and if you have one, wear your name badge. Also, participate in your open session on Oct. 21 in the Student Services Building. [Read more...](#)

## WSCUC 4-1-1

The WASC Senior College and University Commission (WSCUC) is one of six regional associations that accredit public and private schools, colleges and universities in the United States. Through the review process, WSCUC confirms that an institution has met the standards of performance for a high-quality education. Accreditation is required for federal (Title IV) and state financial aid programs, as well as transference of college credit.

## STUDENT SUCCESS

### Summer Completion Grants Accelerate Graduation

Students are accelerating their graduation with the help of Cal Poly Pomona's summer completion grants. More than 300 students received grants that covered tuition and fees, as well as a stipend for textbooks.

### Living the Dream

Cal Poly Pomona graduates are ready to hit the ground running on day one. Here are three stories of alumni who landed their dream job and are making a difference.

### University Rises in U.S. News Ranking

U.S. News has named Cal Poly Pomona among the best undergraduate universities in the Western United States.

## University Enlists Technology to Ensure Student Success

It's never been easier for students to make an appointment with an advisor, get their questions answered around the clock and track the classes needed to graduate — all thanks to a slate of recent campus initiatives that tap technology.

## PHOTO OF THE WEEK

More than 120 students presented their research at the annual [Creative Activities and Research Symposium](#) this summer.

“For students, being able to do hands-on research helps them become more excited about their field and is one of the best ways for them to discover what’s is like to be a professional in their discipline,” says Professor Winny Dong, faculty director of the Office of Undergraduate Research. “Research helps students transition from thinking of themselves as a student studying biology to seeing themselves as biologists.”

Give an example of an impactful hands-on learning experience at Cal Poly Pomona.
