

Program Learning Outcome	PLO/SLO Alignment	Student Learning Outcome	Core Competencies					Strategic Vision		
			Critical Thinking	Information Literacy	Oral Communication	Written Communication	Quantitative Reasoning	Innovation and Creativity	Civic Engagement	Problem Solving
PO#1 Students completing MSA in Accounting will be able to communicate effectively, both orally and in writing.	PLO 1	SLO 1a: Students will demonstrate oral presentation skills based on their own research of the topics during individual or group presentations.	X	X	X			X		
	PLO 1	SLO 1b: Students will demonstrate written communication skills in logically organized paragraphs by addressing the topics effectively.	X	X		X		X		X
PO#2 Students completing MSA in Accounting will be able to respond to open-ended, unstructured problems by thinking critically and analytically.	PLO 2	SLO 2a: Students can identify and summarize the issue.	X	X						
	PLO 2	SLO 2b: Students can identify, assess, and analyze the quality of supporting data/evidence.	X	X						X
	PLO2	SLO 2c: Students can undertake appropriate quantitative or qualitative analysis.	X				X	X		X
	PLO2	SLO2d: Students can consider alternative perspectives.	X					X	X	
	PLO 2	SLO2e: Students can identify and assess conclusions, implications, and consequences.	X					X		
PO#3 Students completing MSA in Accounting will be able to identify and discuss current issues in diverse areas of accounting theory and practice.	PLO 3	SLO 3a: Students can identify potentially significant accounting issues.		X			X			X
	PLO 3	SLO 3b: Students are able to synthesize relevant and rigorous sources to create new knowledge.								X
	PLO 3	SLO 3c: Students can provide conclusions that show insight into the current accounting issues.	X					X		X
PO#4 Students completing MSA in Accounting will be able to function effectively in teams in classroom and/or professional contexts.	PLO 4	SLO 4a: Students can collaborate with others by participating in group work, producing quality of work, and communicating with each other on a timely basis.			X	X			X	
PO#5 Students completing MSA in Accounting will be able to respond to ethical issues and responsibilities in business environments.	PLO 5	SLO 5a: Students can identify ethical issues in the accounting context.	X	X					X	
	PLO 5	SLO 5b: Students can identify all the stakeholders in the decision making process and include their viewpoints in their analysis of ethical problems.	X					X	X	
	PLO 5	SLO 5c: Students can clarify each alternative action and evaluate the consequences to reach a conclusion.	X						X	X
	PLO 5	SLO 5d: Students can formulate an implementation plan that delineates the execution of the decision.	X	X				X		X

1. Identify Program Learning Outcomes (PLOs) associated with the program being assessed for the department.
2. Identify Student Learning Outcomes (SLO) associated with the program being assessed for the department.
3. Align PLOs with SLOs. Each SLO should align to one or more PLO.
4. Mark an "X" for SLOs which align with the Core Competencies and Strategic Vision
