

## COMPARISON SHEET FOR RECITALS AND PROJECTS

### Performance and MuEd (who plan to do a recital)

#### Recitals

| Old Name            | New name              |
|---------------------|-----------------------|
| MU 461 Snr Studio 1 | MU 4610 Snr Studio 1  |
| MU 462 Snr Proj 2?  | MU 4621 Snr Recital 1 |

(note: MU 4631 was forbidden and is now MU4621. Make the change wherever it is found.)

### MIS and MuEd (who choose project instead of recital)

#### Projects

|                         |   |
|-------------------------|---|
| MU 460 Senior Seminar 1 | MU 4601 Senior Project Research and Preparation 1 |
| MU 462 Senior Project 2 | MU 4620 Senior Project Presentation 1             |

#### MIS Only

##### Option to complete

2 additional units of MU 3920 MIS Internship 2

This would be instead of the MIS project courses above.

---

Semester units back-calculated to quarter units are multiplied by 1.5,  
So the 2 units total under Semesters will satisfy the 3 units under quarters

Over the Summer faculty will determine who will be your senior recital/project chair  
If internship is ongoing after end of term, an RP grade is given, and a one-term extension of  
deadline for completion/grading.

Each 1 unit of internship equates to roughly 100 hours of work.
