ABOUT THIS HANDBOOK

The Office of Student Life and Cultural Centers created this Student Organization Handbook (herein referred to as the “Handbook”) as a reference tool for students and advisors. The Handbook provides information regarding University policies and procedures that include registering your organization, the use of campus facilities and services, rights and responsibilities of student organizations, and university recognition of registered organizations. This Handbook is intended to assist with individuals and groups in functioning at a maximum level within the University community. This Handbook provides student groups and individuals with a summary of University regulations as they affect activities and the rights and privileges of student organizations. It outlines the established working relationship between the Office of Student Life and Cultural Centers and student organizations and individuals in scheduling events, granting recognition to student organizations, and the use of the campus facilities. It also contains information and regulations covering student conduct, social functions, requisitioning procedures, and the fiscal policy as outlined by the Associated Students Inc. (ASI). This Handbook is published by the Office of Student Life and Cultural Centers. Should you have any questions regarding the information provided through the Handbook, please feel free to contact the Office of Student Life and Cultural Centers. Our office is located in Building 26, room 124, or call us at (909) 869-2841.

Changes in this Edition

Each year we attempt to make changes that will improve the services and way we work with the student organizations at Cal Poly Pomona. The Handbook is a collection of information from various departments on campus that organizations will work with. While we aim to have the most up to date information, the manual was last updated June 2019. Please keep in mind that the campus is continuously growing to benefit students, and so we encourage individuals to refer to the departments for further information that may not be covered in the Handbook.

OFFICE OF STUDENT LIFE AND CULTURAL CENTERS

Mission Statement

Our mission is to empower students toward success through engagement, leadership development, and diversity enrichment.

OSLCC Vision

Our vision is to create innovative learning-centered opportunities to develop students to become leaders in a global society.

The quality of student life at Cal Poly Pomona is reflected in the breadth of out-of-class programs and informal activities developed by students. Co-curricular activities are an integral part of the educational program, and each student is urged to participate in the life of the academic community.

The Office of Student Life and Cultural Centers (OSLCC), a department within the division of Student Affairs, is concerned with the total development of students. Its primary purpose is to enhance the quality of campus life through co-curricular activities. The staff members of OSLCC believe that people learn by doing. Through involvement in co-curricular activities, students have the opportunity to practice what they learn in the formal academic setting as well as develop effective communication and leadership skills. Venturing in activities beyond the classroom allows students to grow both personally and professionally, thus making their total educational experience complete.

OSLCC offers the opportunity for such experiences to be gained through involvement in various co-curricular programs including clubs or organizations or special committees, recreational or cultural endeavors and the planning and production of programs of entertainment and enlightenment.

Cal Poly Pomona's co-curricular program is strengthened by over 300 registered clubs and organizations, including fraternities and sororities, multi-ethnic, religious, and international organizations, as well as departmental and sports clubs. New organizations are formed as student interests' change and evolve. A current listing of clubs and organizations, including brief descriptions and current officers, is available on myBAR.

We provide a variety of resources and services to the campus community which includes but is not limited to the following:

- The 6 Cultural Centers
- Bronco LEAD
- Campus Scheduling
- Greek Life
- Multicultural Programs
- Student Clubs and Organization

BANKING AND BUDGETS

The following section is in regards to Banking and Budgets with ASI Financial Services. While the manual is meant to provide you with the most beneficial information from different departments, policies and procedures can change throughout the year. Please refer to their official website and/or contact the department directly with specific questions regarding your accounts and filling out budget information.

Banking

Registered clubs and organizations are expected to keep complete and accurate records of all financial transactions. All banking must be done through ASI Financial Services through either your Agency or ASI Account. Your club's ASI Accounts can be set-up only after the club is chartered. Accounts are held for up to 2 years without reactivation. Club accounts will close if the club remains unchartered after 2 academic years at which point ASI Financial services will

refer to your Dispositions of Funds instructions as indicated when you establish your club's account. For the most up to date information, related paperwork, and policies, please refer ASI Financial Services located in the Bronco Student Center on the 2nd floor.

To begin your paperwork to obtain access to your account, you must complete the ASI Signature Form and sign the Agency Fund Agreement. To activate an existing account within ASI, all clubs, organizations and councils are required to maintain current signature forms and to be registered with OSLCC.

The ASI Signature Card and Agency Fund Agreement must have all sections completed. There must be at least one advisor and two officers that are designated as the authorized signers for the account.

The following forms are included in the manual for your reference. Please refer to the website for the most updated information. <http://asi.cpp.edu/services/financial-services/>

Following completion of these forms, and confirmation that your account has been established you can begin working on your ASI Budget Request Packet.

Prior to submitting your ASI Budget Request, you must attend a Budget Request Workshop. Submit your budget as soon as possible. If you do not have a budget submitted, your ASI account will not be established, and so you cannot receive co-sponsorship funds from your council.

AMPLIFIED SOUND

Amplified sound is defined as any sound that is broadcasted through electronically amplified equipment or sound that is electronically enhanced. Amplified sound in the Quad, the Meadow (Engineering building grassy area next to building 17), and the University Park is permitted during University Hour, 12pm-12:50pm Tuesdays and Thursdays. The campus community recognizes the importance of student development and support activities where amplified sound is necessary. Events may be scheduled on other days, as long as the sound is not disruptive to the campus community and will require the approval of the Director of the Office of Student Life and Cultural Centers. Please see the Student Involvement Coordinator for more information.

The sound level for any event may not exceed that which is disruptive to the learning environment of our institution. Amplified sound is intended to be heard in the immediate area only. Outdoor amplified sound events are subject to monitoring and regulation.

1. The Office of Student Life and Cultural Centers retains the right to monitor and/or limit the sound level generated by amplification systems. Enforcement will be the responsibility of the Office of Student Life & Cultural Centers. Failure to abide by this procedure may result in the sponsoring club/organization going through the judicial process through the Office of Student Life & Cultural

Centers.

2. The performing group(s) and/or sponsoring club/organization must provide a signed acknowledgement of their awareness and willingness to abide by the Amplified Sound Procedure by signing a copy of an agreement which can be found in the OSLCC.

A warning will be issued if there is a noise-related complaint to the Office of Student Life and Cultural Centers staff that the sound level is disruptive to instructional programs, scheduled events, and/or library or classroom study. No more than three minutes will be allowed to correct the volume to a level that conforms to this regulation, as determined by the Office of Student Life and Cultural Center staff.
 - b. If a second warning must be issued, an additional minute will be allowed to correct the volume to a level that conforms to this regulation, as determined by the Office of Student Life and Cultural Centers staff.
 - c. A third warning will not be issued. If the volume is exceeded for a third time, the sponsoring club/organization will be asked to shut off all amplified sound.
 - d. Non-adherence to these guidelines may result in the approval of the activity being revoked, notification to the club/organization advisor, and possible loss of future activity reservation privileges for the individuals involved in addition to the organization going through the club/organization judicial process.

FUNDRAISING

GREEK LIFE

Being in a Fraternity or Sorority means more than just wearing Greek letters, attending meetings, and going to social events. It is about making friendships that will last far beyond your college years. The California State Polytechnic University, Pomona's Greek community strives to provide opportunities to enhance your personal development through a commitment to the ideals of scholarship, service, leadership, ritual, friendship, and social advancement. When you become a member of a fraternity or sorority at Cal Poly Pomona, you're not only joining a brotherhood or sisterhood, but joining a family with over 70 years of campus history.

Hundreds of students graduate from Cal Poly Pomona each year with a richer experience as a result of Fraternity and Sorority Life. For many, the fraternity and sorority community is their home away from home. Becoming part of a Greek organization provides college students with many benefits, such as brotherhood and sisterhood, gaining skills that help you become a more confident and effective leader while respecting your individuality. Your brothers and sisters are there to support you and help make the many transitions during college easier and more memorable. As a member of a fraternity or sorority you also have the added benefit of joining a network of alumni who are dedicated to making your experience after college more meaningful and engaging.

GREEK COUNCIL

Greek Council is the umbrella council for all of the Greek Sub-Councils on Cal Poly Pomona's campus. The primary mission of Greek Council is to provide for the betterment of the students in the Fraternity/Sorority community of Cal Poly Pomona. Greek Council is responsible for planning and implementing all the Greek Quarterlies, Up 'til Dawn, Blood Drives, Council Meetings, and Greek Week. In addition, Greek Council also engages with the greater Cal Poly Pomona community for cross collaborative events.

SUB-COUNCILS

Multicultural Greek Council

Multicultural Greek Council (MGC) is an umbrella council for a coalition of Multicultural Greek-letter organizations. It is the mission of the Diversified Greek Council to promote unity, communication, and cooperation among its member organizations and all Greek Letter organizations and to promote scholastic achievement and assistance to the community.

MGC prides itself in having a distinct type of recruitment process. We believe that because this is a lifetime commitment one needs ample time to choose the organization that would best suit them. This not only allows the organization a chance to get to know their potential members inside and out but also allows the potential members to get to know the organization's membership.

Interfraternity Council

The **Interfraternity Council (IFC)** is the governing body of the nationally recognized fraternity chapters at the Cal Poly Pomona. The IFC oversees 6 traditional social fraternal organizations and over 350 Cal Poly Students. IFC works to provide programming and

leadership opportunities within the Greek community, within the Bronco community, and within the greater Pomona area.

The IFC provides chapters a chance to foster relationships with each other, unite on issues concerning the Council, and provides an opportunity for student chapter members to excel both inside and outside the classroom.

Panhellenic Council

Panhellenic Council is the largest women's identified governing board on campus. It is the governing body of the 5 National Panhellenic Conference sororities and 1 associate member sororities. The Panhellenic Council promotes excellence in academics, community and campus involvement, and sisterhood. The council is committed to the vision of creating young women of excellence.

Their mission is to empower Undergraduate Members of women's fraternities, to stand for good scholarship, for guarding of good health, for maintenance of fine standards, and for serving, to the best of our ability, our college community. Cooperation for furthering fraternity life, in harmony with its best possibilities, is the ideal that shall guide our fraternity activities. The Fraternity Women, stand for service through the development of character, inspired by the close contact and deep friendship of individual fraternity and Panhellenic life. The opportunity for wide and wise human service, through mutual respect and helpfulness, is the tenet by which they strive to live.

National Pan-Hellenic Council

The National Pan-Hellenic Council was established in 1930 at Howard University as the national coordinating body for the nine historically African American Fraternities and Sororities which had evolved on American colleges and university campuses. More specifically Cal Poly Pomona's NPHC governs 7 out of the Divine 9 organizations. These historically African-American fraternities hold social, philanthropic, and community outreach events that incorporate the participation of their alumni members in citywide chapters.

NPHC takes pride in engaging with the community through various community service projects. The National PanHellenic Council realizes that bringing new members into the fraternities and sororities is based upon the aspirant's possession of specific qualifications. Individual chapters are guided by standards that promote the building of strong and effective chapters.

FRATERNITY AND SORORITY ADDITIONAL REQUIREMENTS

Expansion

. Please contact the Coordinator of Greek Life & Education to discuss. (909) 869-2841

Tax Exemption Status

Single sex/gender fraternities and sororities are granted special status to discriminate by sex/gender through Title IX, Section 6A of the Educational Amendments of 1972. Membership restrictions based on sex/gender are only permitted to social fraternities or social sororities exempt from taxation under section 501(a).

In order to comply with Title IX, Section 6A, all single sex/gender Cal Poly Pomona fraternities and sororities must submit proof of their 501(a) before being granted recognition.

Organizations that are exempt under section 501(a) include those organizations that are section 501(c). The section 501(c) must be a single sex/gender organization recognized by the IRS under social or fraternal designation--including but not limited to sections 501(c)(4), 501(c)(7), 501(c)(8), and 501(c)(10). This documentation can be submitted at <https://orgsync.com/1983/forms/49368/>

If you need assistance or have questions regarding this, please contact 909-869-2841 and schedule an appointment with the Greek Life Coordinator. If your organization does not have 501(a) status, this link may help you <https://www.irs.gov/pub/irs-pdf/p501.pdf>

Recognition by a Social Greek Council

Student organizations are formed for the purpose of bringing individuals together who have common goals or common interests. OSLCC does not recognize groups with duplicate or similar mission statements.

The core principles of social fraternal organizations are similar in nature: promote academic integrity, cultivate brotherhood/sisterhood, serve the campus and local community, provide opportunities for leadership, appreciate a specific culture or multiculturalism, strengthen character, and develop the values of confidence, honesty and dignity in members. Should an organization wish to expand with a similar mission or purpose, the Office of Student Life and Cultural Centers requires the group to receive support from peer organizations in the form of an invitation to join a social Greek Council.

Greek Councils are formed when individual groups come together to form an umbrella organization. Greek Councils act as a governing body and serve their member organizations by providing programs, leadership opportunities, service learning, and organization recognition. The current five social Greek Councils at Cal Poly Pomona are Diversified Greek council (DGC), Interfraternity Council (IFC), National Association of Latino Fraternal Organizations (NALFO), National Pan-Hellenic Council (NPHC), and Panhellenic Council

Greek New Member Education

The purpose of Greek New Member Education (Greek101) is to provide a standardized educational program that uses a bystander intervention framework to empower newly affiliated students to promote, create, and maintain a healthy and thriving Greek community. Attendance to this program is required of all new members/associates/pledges of recognized social fraternities and sororities within the Greek Councils within the term in which they begin their new member/pledging/intake process. Organizations may request, in writing from OSLCC, to extend this completion time-period to the first active member semester to accommodate specific intake processes. If you have questions regarding this requirement, please contact (909) 869-2841 and schedule an appointment with the Greek Life Coordinator.

Some Sports Clubs compete against Sports Clubs from other campuses and some compete against varsity teams from Division I, II, and III schools.

The Sport Clubs Program consists of student-initiated and student-run organizations that rely on the voluntary efforts of the membership to determine the scope of activities as well as the overall effectiveness of the Sport Clubs. Under the guidance of the student officers, Sports Clubs create practice and competition schedules, organize travel arrangements, budget and monitor finances, establish bylaws and participate in organizational meetings held by OSLCC and ASI. **The students run the Sport Club** and work in conjunction with OSLCC and ASI to comply with specific rules and regulations of CPP, the Office of Student Life and Cultural Centers, Associated Students, Incorporated, and when applicable, the sport's national governing bodies (NGBs).

The Sport Clubs Program at CPP is committed to providing opportunities for competitive sports programming in order to promote student leadership, enrich the university experience, and foster the development of the mind and body for the student community.
