Subject: California State University and Colleges Auxiliary Organizations—Administration of Grants and Contracts in Support of Research, Workshops, Institutes, and Other Special Instructional Projects—Executive Order No. 168

Attached is a copy of Executive Order No. 168 relating to university and college policies concerning the administration of grants and contracts in support of research, workshops, institutes and other special instructional projects administered by auxiliary organizations. This Executive Order supersedes Executive Order No. 163 dated December 11, 1972.

Some recent developments have underscored the necessity for clarifying and amplifying certain systemwide policies regarding subject. We urge you to review all codes, policies and regulations pertaining to the operations of auxiliary organizations. Particular attention is called to the following:

1. Education Code Sections 24054 through 24659.

2. Title 5 of the Administrative Code, Chapter 5, Subchapter 5, Articles 1 through 3.

Board of Trustees policies and regulations clearly outline the necessity of assuring the fiscal integrity and viability of the auxiliary organizations in addition to requiring that functions undertaken by auxiliary organizations are for the purpose of providing essential activities which are an integral part of the approved college educational program.

The administration of grants and contracts in the California State University and Colleges by the auxiliary organizations should be performed in a manner which enables the Board of
Trustees to satisfy its responsibilities to the State of California, Federal agencies, public and private sponsors, the universities and colleges and the auxiliary organizations.

College shall include in the policies of their  
campus governing college auxiliary organizations  
the following:  

a. Proposals or requests for funding of research

b. The President shall inform all personnel  
responsible for the preparation and submission

e. Travel of the project director or staff members in connection with project activities shall be previously authorized by the campus administration.

2. Each campus of The California State University and Colleges shall notify the Office of the Chancellor, Division of Auxiliary and Business Services, of policies adopted governing State College Auxiliary Organizations at that campus and, in particular, of the inclusion of the foregoing provisions.
